

# Medical and specialty benefits management made easier

Brokers can use the UnitedHealthcare Plan API\* to simplify the plan setup process in Employee Navigator, making it faster and easier to move your clients online—at no additional cost.

## Employee Navigator is designed to help:

- Fully automate the benefit enrollment process, making it easier to:
  - Enroll new hires, review eligibility for all employees, and monitor enrollment status and deadlines
  - Manage contribution levels
  - Streamline review, acknowledgment and storage of important plan documents
  - Generate custom reports, including ACA reporting
- Reduce enrollment and billing issues
- Save time and reduce workloads for you and your clients

## Included plans

- Medical
- Dental
- Vision
- Life
- Supplemental Life
- Short Term Disability
- Long Term Disability
- Accident Protection
- Critical Illness Protection
- Hospital Indemnity
