

Got your ID card? Let's get started.

Managing a health plan can be confusing, but here's where it may get easier. Now that you have your health plan ID card, you can take charge of your health and get more out of your plan. Here's a checklist to help you get started.

Activate your myuhc.com[®] account

Your personalized member website helps you manage your health plan, see what's covered and so much more. It can help you find network doctors and pharmacies, find and estimate the cost of care, view claim details, check your plan balances and learn about covered preventive care.

Download the UnitedHealthcare[®] app

Take your plan and health plan ID card on the go, find nearby care options in your network and check your progress toward your deductible.

Stay in the network

The doctors and facilities in your network may have agreed to provide services at a discount—so staying in network may make sense, especially when visiting an out-of-network provider could cost you a lot more for care or may not be covered at all. Find network doctors, mental health professionals, pharmacies, hospitals, labs and more at myuhc.com > **Find Care & Costs**.

Explore your pharmacy benefits

Sign in to myuhc.com > **Pharmacies & Prescriptions** or use the UnitedHealthcare app to see your medication cost and coverage, locate a network pharmacy, see if your medications have any requirements—like prior authorization or step therapy—before filling them, sign up for home delivery and order up to a 3-month supply of medications you take regularly. You can call the member phone number on your ID card with questions.

Make your first appointment

Preventive care—such as routine wellness exams and certain recommended screenings and immunizations—is covered by most of our plans at no additional cost when you see network providers. It's a good idea to call your primary care provider (PCP) and get your first checkup on the calendar.

United Healthcare

Certain preventive care items and services, including immunizations, are provided as specified by applicable law, including the Patient Protection and Affordable Care Act (ACA), with no cost-sharing to you. These services may be based on your age and other health factors. Other routine services may be covered under your plan, and some plans may require copayments, coinsurance or deductibles for these benefits. Always review your benefit plan documents to determine your specific coverage details.

UnitedHealthcare members can access a cost estimate online or on the mobile app. None of the cost estimates are intended to be a guarantee of your costs or benefits. Your actual costs may vary. When accessing a cost estimate, please refer to the Website or Mobile application terms of use under Find Care & Costs section.

The UnitedHealthcare[®] app is available for download for iPhone[®] or Android[®]. iPhone is a registered trademark of Apple, Inc. Android is a registered trademark of Google LLC.
