

Get to know your HSA

Take a quick and easy online course that's designed to help you make the most of your health savings account (HSA)

Learn the ins and outs of HSAs with this online course

Your high deductible health plan comes with a tax-free HSA to help you cover qualified health care expenses—including your deductible. This course is designed to help you understand how your HSA works, so you can manage your account with confidence. Learn about the unique benefits and features of an HSA and what you can do to maximize your savings and investment opportunities.

The more you know about your HSA, the more you'll get out of it

Whether you're new to HSAs and curious how they work, or you've been using them for years and want to find ways to make the most of them, the course offers something for everyone:

- Get a better understanding of how your HSA works
- See how you can use your HSA to cover qualified expenses—or save for future expenses
- Discover all the ways your HSA helps you save money on taxes
- Learn about opportunities to invest your HSA to help it grow

Here's how it works

- 1 Go to uhchsacourse.com
- 2 Watch a short video to see how your health plan and HSA work
- 3 Complete a short quiz to check your knowledge

96%

of members who completed the course said they learned something new about HSAs*

Insurance coverage provided by or through UnitedHealthcare Insurance Company or its affiliates.

The UnitedHealthcare plan with Health Savings Account (HSA) is a qualifying high deductible health plan (HDHP) that is designed to comply with IRS requirements so eligible enrollees may open a Health Savings Account (HSA) with a bank of their choice or through Optum Bank, Member of FDIC. The HSA refers only and specifically to the Health Savings Account that is provided in conjunction with a particular bank, such as Optum Bank, and not to the associated HDHP.

Administrative services provided by United HealthCare Services, Inc. or their affiliates.
