## Individual Exchange Medical Policy

### Agreement and Consideration

We will pay Benefits as set forth in this Policy. This Policy is issued in exchange for and on the basis of the statements made on your application and payment of the first Premium. It takes effect on the effective date shown above. Coverage will remain in force until the first Premium due date, and for such further periods for which Premium payment is received by us when due, subject to the renewal provision below. Coverage will begin at 12:01 a.m. and end at 12:00 midnight in the time zone where you live.

### Guaranteed Renewable Subject to Listed Conditions

You may keep coverage in force by timely payment of the required Premiums under this Policy, except that your coverage may end for events as described in *Section 4: When Coverage Ends*, under *Events Ending Your Coverage* and *Other Events Ending Your Coverage*.

This Policy will renew on January 1 of each calendar year. On January 1st, we may make modifications in coverage if such modifications are made on a uniform basis for all individuals with the same product. In addition, we may make modifications at any time if the modification is directly related to a State or Federal requirement and the modification is made within a reasonable time period after the State or Federal requirement is imposed or modified.

On January 1 of each calendar year, we may change the rate table used for this Policy form. Each Premium will be based on the rate table in effect on that Premium's due date. Some of the factors used in determining your Premium rates are the Policy plan, tobacco use status of Covered Persons, type and level of Benefits and place of residence on the Premium due date and age of Covered Persons as of the effective date or renewal date of coverage. Premium rates are expected to increase over time.

At least 31 days' notice of any plan to take an action or make a change permitted by this clause will be mailed to you at your last address as shown in our records.

Nothing in this section requires us to renew or continue coverage for which your continued eligibility would otherwise be prohibited under applicable law.

### 10-Day Right to Examine and Return this Policy

Please read this Policy. If you are not satisfied, you may notify us within 10 days after you received it. Any Premium paid will be refunded, less claims paid. This Policy will then be void from its start.

This Policy is signed for us as of the effective date as shown above.

## Covered Health Care Services Schedule of Benefits

### How Do You Access Benefits?

#### Selecting a Network Primary Care Physician

You must select a Network Primary Care Physician, who is located in the Network Area, in order to obtain Benefits. In general health care terminology, a Primary Care Physician may also be referred to as a *PCP*. A Network Primary Care Physician will be able to coordinate all Covered Health Care Services and submit electronic referrals online to UnitedHealthcare for services from Network Physicians. If you are the custodial parent of an Enrolled Dependent child, you must select a Network Primary Care Physician who is located in the Network Area, for that child. If you do not select a Network Primary Care Physician for yourself or your Enrolled Dependent child, one will be assigned.

Women have direct access to OB/GYN and may seek care directly from any Network obstetrician or gynecologist, Family Practice Physician or surgeon, osteopathic Physician or surgeon, licensed Physician assistant or licensed osteopathic Physician assistant, licensed midwife or licensed nurse midwife without a referral or authorization requirement for covered women's healthcare services. You and Enrolled Dependents may obtain services directly from a chiropractor, affiliated with UnitedHealthcare, without a referral or prior authorization requirement. Your Enrolled Dependent child/children have direct access to Select Network pediatricians.

You may select any Network Primary Care Physician, who is located in the Network Area, accepting new patients. You may designate a Network Physician who specializes in pediatrics (including pediatric subspecialties, based on the scope of that provider's license under applicable state law) as the Network Primary Care Physician for an Enrolled Dependent child. For obstetrical or gynecological care, you do not need a referral from a Network Primary Care Physician and may seek care directly from any Network Physician who specializes in obstetrics or gynecology.

You can get a list of Network Primary Care Physicians, Network obstetricians and gynecologists and other Network providers through [www.myuhc.com/exchange](http://www.myuhc.com/exchange) or the telephone number on your ID card.

You may change your Network Primary Care Physician by calling the telephone number shown on your ID card or by going to [www.myuhc.com/exchange](http://www.myuhc.com/exchange). Changes are permitted at any time. Changes submitted on or before the last day of the month will be effective on the first day of the following month.

#### Network and Out-of-Network Benefits

To obtain Benefits, you must receive Covered Health Care Services from a UnitedHealthcare Charter Network provider. You can confirm that your provider is a UnitedHealthcare Charter Network Provider through the telephone number on your ID card or you can access a directory of providers at [www.myuhc.com/exchange](http://www.myuhc.com/exchange). You should confirm that your provider is a UnitedHealthcare Charter Network provider, including when receiving Covered Health Care Services for which you received a referral from your Primary Care Physician.

Except as specifically described in this *Schedule of Benefits*, Benefits are not available for services provided by out-of-Network providers. This Benefit plan does not provide an out-of-Network level of Benefits.

**Benefits** apply to Covered Health Care Services that are provided by a Network Physician or other Network provider within the Network Area.

Emergency Health Care Services provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*.

Covered Health Care Services provided at certain Network facilities by an out-of-Network Physician, when not Emergency Health Care Services, will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*. For these Covered Health Care Services, "certain Network facility" is limited to a hospital (as defined in 1861(e) of the Social Security Act), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the Social Security Act), an ambulatory surgical center as described in section 1833(i)(1)(A) of the Social Security Act, and any other facility specified by the Secretary.

Ground and Air Ambulance transport provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under a UnitedHealthcare Policy. As a result, they may bill you for the entire cost of the services you receive.

**Additional information about the network of providers and how your Benefits may be affected appears at the end of this *Schedule of Benefits*.**

If there is a conflict between this *Schedule of Benefits* and any summaries provided to you, this *Schedule of Benefits* will control.

## Care Management

There may be additional services that are available to you, such as disease management programs, discharge planning, health education, and patient advocacy. When you seek prior authorization for a Covered Health Care Service as required or are otherwise identified as meeting eligibility requirements for a care management program, we will work with you to engage in the care management process and to provide you with information about these additional services.

## Standing Referrals to Specialists

A standing referral is a referral by your Primary Care Physician that authorizes more than one visit to another Network Physician or Specialist. A standing referral may be provided if your Primary Care Physician, in consultation with you and the other Network Physician, Specialist, or UnitedHealthcare Medical Director, determines that as part of a treatment plan you need continuing care from a specialist. You may request a standing referral from your Primary Care Physician or UnitedHealthcare.

Please Note: A standing referral and treatment plan is only allowed if approved by your Primary Care Physician or UnitedHealthcare.

## Does Prior Authorization Apply

We require prior authorization for certain Covered Health Care Services. Your Primary Care Physician and other Network providers are responsible for obtaining prior authorization before they provide these services to you.

**Please note that prior authorization is required even if you have an electronic referral submitted online to UnitedHealthcare by your Primary Care Physician to seek care from another Network Physician.**

We recommend that you confirm with us that all Covered Health Care Services have been prior authorized as required. Before receiving these services from a Network provider, you may want to call us to verify that the Hospital, Physician and other providers are Network providers and that they have obtained the required prior authorization. Network facilities and Network providers cannot bill you for services they do not prior authorize as required. You can call us at the telephone number on your ID card.

## Notification of the Determination

We will provide the attending Physician, ordering Provider, facility, and Covered Person with written or electronic notification of our determination or you may call us at the telephone number on your ID card.

Whenever there is an adverse determination we will notify the ordering Provider or facility and the Covered Person in advance and indicate whether the notification will be provided by telephone, mail, fax, or other means. For an adverse determination involving an urgent care review request, we may initially provide notice by telephone, provided that a written or electronic notification meeting the United States Department of Labor standards is furnished within three days of the oral notification.

The notification will include the number of extended days, the next anticipated review point, the new total number of days or services approved, and the date of admission or onset of services.

The frequency of reviews for the extension of initial determination must be based on the severity or complexity of the patient's condition or on necessary treatment and discharge planning activity.

For purposes of this section, the following defined terms apply:

**"Concurrent care review request"** means any request for an extension of previously authorized Inpatient Stay or a previously authorized ongoing outpatient services.

**"Immediate review request"** means any request for approval of an intervention, care or treatment where passage of time without treatment would, in the judgment of the Provider, result in an imminent Emergency room visit or Hospital admission and deterioration of the patient's health status. Examples of situations that do not qualify under an immediate review request include, but are not limited to, situations where:

- The requested service was pre-scheduled, was not an Emergency when scheduled, and there has been no change in the patient's condition;
- The requested service is Experimental or Investigational Service or in a clinical trial;
- The request is for the convenience of the patient's schedule or Provider's schedule; and
- The results of the requested service are not likely to lead to an immediate change in the patient's treatment.

**"Non-urgent pre-service review request"** means any request for approval of care or treatment where the request is made in advance of the patient obtaining medical care or services and is not an urgent care request.

**"Post-service review request"** means any request for approval of care or treatment that has already been received by the patient.

**"Urgent care review request"** means any request for approval of care or treatment where the passage of time could seriously jeopardize the life or health of the patient, seriously jeopardize the patient's ability to regain maximum function, or, in the opinion of a Physician with knowledge of the patient's medical condition, would subject the patient to severe pain that cannot be adequately managed without the care or treatment that is the subject of the request.

Allowed Amounts are determined in accordance with our reimbursement policy guidelines or as required by law, as described in this *Policy*.

**For Network Benefits**, Allowed Amounts are based on the following:

- When Covered Health Care Services are received from a Network provider, Allowed Amounts are our contracted fee(s) with that provider.

## Provider Network

We arrange for health care providers to take part in a Network. Network providers are independent practitioners. They are not our employees. It is your responsibility to choose your provider.

Our credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling the telephone number on your ID card. A directory of providers is available by contacting us at [www.myuhc.com/exchange](http://www.myuhc.com/exchange) or the telephone number on your ID card to request a copy. If you receive a Covered Health Care Service from an out-of-Network provider and were informed incorrectly prior to receipt of the Covered Health Care Service that the provider was a Network provider, either through a database, provider directory, or in a response to your request for such information (via telephone, electronic, web-based or internet-based means), you may be eligible for cost sharing (Co-payment, Co-insurance and applicable deductible) that would be no greater than if the service had been provided from a Network provider.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Benefits. However, if you are currently receiving treatment for Covered Health Care Services from a provider whose network status changes from Network to out-of-Network during such treatment due to termination

(non-renewal or expiration) of the provider's contract, you may be eligible to request continued care from your current provider under the same terms and conditions that would have applied prior to termination of the provider's contract for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. If you would like help to find out if you are eligible for continuity of care Benefits, please call the telephone number on your ID card.

If you are currently undergoing a course of treatment using an out-of-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help to find out if you are eligible for transition of care Benefits, please call the telephone number on your ID card.

Do not assume that a Network provider's agreement includes all Covered Health Care Services. Some Network providers contract with us to provide only certain Covered Health Care Services, but not all Covered Health Care Services. Some Network providers choose to be a Network provider for only some of our products. Refer to your provider directory or contact us for help.

## **Designated Providers**

If you have a medical condition that we believe needs special services, we may direct you to a Designated Provider chosen by us. If you require certain complex Covered Health Care Services for which expertise is limited, we may direct you to a Network facility or provider that is outside your local geographic area.

In both cases, Benefits will only be paid if your Covered Health Care Services for that condition are provided by or arranged by the Designated Provider chosen by us.

You or your Network Physician must notify us of special service needs (such as transplants or morbid obesity surgery) that might warrant referral to a Designated Provider. If you do not notify us in advance, and if you receive services from an out-of-Network facility (regardless of whether it is a Designated Provider) or other out-of-Network provider, Benefits will not be paid.

## **Health Care Services from Out-of-Network Providers**

If specific Covered Health Care Services are not available from a Network provider, you may be eligible for Benefits when Covered Health Care Services are received from out-of-Network providers. In this situation, your Network Physician will notify us and, if we confirm that care is not available from a Network provider, we will work with you and your Network Physician to coordinate care through an out-of-Network provider.

## Outpatient Prescription Drugs Schedule of Benefits

### When Are Benefits Available for Prescription Drug Products?

Benefits are available for Prescription Drug Products at a Network Pharmacy and are subject to Co-payments and/or Co-insurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is placed. You can locate a Network Pharmacy by calling us at the telephone number on your ID card or you can access a directory of Providers online at [www.myuhc.com/exchange](http://www.myuhc.com/exchange).

Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Health Care Service.

### What Happens When a Brand-name Drug Becomes Available as a Generic?

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug Product may change. Therefore, your Co-payment and/or Co-insurance may change or you will no longer have Benefits for that particular Brand-name Prescription Drug Product.

### How Do Supply Limits Apply?

Benefits for Prescription Drug Products are subject to the supply limits that are stated in the "Description and Supply Limits" column of the Benefit Information table. For a single Co-payment and/or Co-insurance, you may receive a Prescription Drug Product up to the stated supply limit.

Note: Some products are subject to additional supply limits based on criteria that we have developed. Supply limits are subject, from time to time, to our review and change. This may limit the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply, or may require that a minimum amount be dispensed.

You may find out whether a Prescription Drug Product has a supply limit for dispensing by contacting us at [www.myuhc.com/exchange](http://www.myuhc.com/exchange) or the telephone number on your ID card.

### Do Prior Authorization Requirements Apply?

Before certain Prescription Drug Products are dispensed to you, you are required to obtain prior authorization from us or our designee. You may determine whether a particular Prescription Drug Product requires prior authorization and the duration of the authorization by contacting us at [www.myuhc.com/exchange](http://www.myuhc.com/exchange) or the telephone number on your ID card. The reason for obtaining prior authorization from us is to determine whether the Prescription Drug Product, in accordance with our approved guidelines, is each of the following:

- It meets the definition of a Covered Health Care Service.
- It is not an Experimental or Investigational or Unproven Service.

We may also require you to obtain prior authorization from us or our designee so we can determine whether the Prescription Drug Product, in accordance with our approved guidelines, was prescribed by a Specialist.

If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed, you will be responsible for paying all charges and no Benefits will be paid. The Prescription Drug Products requiring prior authorization are subject, from time to time, to our review and change. There may be certain Prescription Drug Products that require you to notify us directly rather than your Physician or pharmacist. You may find out whether a particular Prescription Drug Product requires notification/prior authorization by contacting us at [www.myuhc.com/exchange](http://www.myuhc.com/exchange) or the telephone number on your ID card.

If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed, you can ask us to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. You may seek reimbursement from us as described in the Policy in *Section 5: How to File a Claim*.

When you submit a claim on this basis, you may pay more because you did not obtain prior authorization from us before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Co-payment and/or Co-insurance and any deductible that applies.

Benefits may not be available for the Prescription Drug Product after we review the documentation provided and we determine that the Prescription Drug Product is not a Covered Health Care Service or it is an Experimental or Investigational or Unproven Service.

We may also require prior authorization for certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits related to such programs. You may access information on available programs and any applicable prior authorization, participation or activation requirements related to such programs by contacting us at [www.myuhc.com/exchange](http://www.myuhc.com/exchange) or the telephone number on your ID card.

### **Does Step Therapy Apply?**

Certain Prescription Drug Products for which Benefits are described under *Section 10: Outpatient Prescription Drugs* of the Policy are subject to step therapy requirements. In order to receive Benefits for such Prescription Drug Products you must use a different Prescription Drug Product(s) first.

You may find out whether a Prescription Drug Product is subject to step therapy requirements by contacting us at [www.myuhc.com/exchange](http://www.myuhc.com/exchange) or the telephone number on your ID card.

### **Your Right to Request an Exception When a Medication is Not Listed on the Prescription Drug List (PDL)**

When a Prescription Drug Product is not listed on the PDL, you or your representative may request an exception to gain access to the excluded Prescription Drug Product. To make a request, contact us in writing or call the toll-free number on your ID card. We will notify you of our determination within 72 hours.

Please note, if your request for an exception is approved by us, you may be responsible for paying the applicable Co-payment and/or Co-insurance based on the Prescription Drug Product tier placement, or at the second highest tier. For example, if you have a 5-tier plan, then the 4th tier would be considered the second highest tier.

#### **Urgent Requests**

If your request requires immediate action and a delay could significantly increase the risk to your health, or the ability to regain maximum function, call us as soon as possible. We will provide a written or electronic determination within 24 hours.

#### **External Review**

If you are not satisfied with our determination of your exception request, you may be entitled to request an external review. You or your representative may request an external review by sending a written request to us to the address set out in the determination letter or by calling the toll-free number on your ID card. The *Independent Review Organization (IRO)* will notify you of our determination within 72 hours.

#### **Expedited External Review**

If you are not satisfied with our determination of your exception request and it involves an urgent situation, you or your representative may request an expedited external review by calling the toll-free number on your ID card or by sending a written request to the address set out in the determination letter. The *IRO* will notify you of our determination within 24 hours.

#### **Your Prescription Drug Rights**

You have the right to safe and effective pharmacy services. You also have the right to know what drugs are covered by your plan and the limits that apply. If you have a question or concern about your prescription drug benefits, please contact us, UnitedHealthcare, at [www.myuhc.com/exchange](http://www.myuhc.com/exchange) or at the telephone number on your ID card. If you would like to know more about your rights, or if you have concerns about your plan, you may contact the Washington state office of insurance commissioner at 1-800-562-6900 or at [www.insurance.wa.gov](http://www.insurance.wa.gov). If you have a concern about the pharmacists or pharmacies serving you, please contact the Washington state department of health at 360-236-4700, [www.doh.wa.gov](http://www.doh.wa.gov), or [HSQACSC@doh.wa.gov](mailto:HSQACSC@doh.wa.gov).

### **What Do You Pay?**

Benefits for PPACA Zero Cost Share Preventive Care Medications are not subject to payment of the Annual Deductible.

You are responsible for paying the Annual Deductible stated in the *Schedule of Benefits* which is attached to your Policy before Benefits for Prescription Drug Products under this Policy are available to you unless otherwise allowed under your Policy. We may not permit certain coupons or offers from pharmaceutical manufacturers or an affiliate to apply to your Annual Deductible.

You are responsible for paying the applicable Co-payment and/or Co-insurance described in the *Benefit Information* table. You are not responsible for paying a Co-payment and/or Co-insurance for PPACA Zero Cost Share Preventive Care Medications.

The Co-payment amount or Co-insurance percentage you pay for a Prescription Drug Product will not exceed the Usual and Customary Charge of the Prescription Drug Product.

The amount you pay for any of the following under your Policy may not be included in calculating any Out-of-Pocket Limit stated in your Policy:

- Certain coupons or offers from pharmaceutical manufacturers or an affiliate.
- Any non-covered drug product. You are responsible for paying 100% of the cost (the amount the pharmacy charges you) for any non-covered drug product. Our contracted rates (our Prescription Drug Charge) will not be available to you.

# Your Responsibilities

## Enrollment and Required Premiums

Benefits are available to you if you are enrolled for coverage under this Policy. Your enrollment options, and the corresponding dates that coverage begins, are listed in *Section 3: When Coverage Begins and Premiums*. To be enrolled and receive Benefits, all of the following apply:

- Your enrollment must be in accordance with the requirements of this Policy, including the eligibility requirements.
- You must qualify as a Policyholder or a Dependent as those terms are defined in *Section 8: Defined Terms*.
- You must pay Premium as required.

## Be Aware the Policy Does Not Pay for All Health Care Services

This Policy does not pay for all health care services. Benefits are limited to Covered Health Care Services. The *Schedule of Benefits* will tell you the portion you must pay for Covered Health Care Services.

## Decide What Services You Should Receive

Care decisions are between you and your Physician. We do not make decisions about the kind of care you should or should not receive.

## Choose Your Physician

It is your responsibility to select the health care professionals who will deliver your care. We arrange for Physicians and other health care professionals and facilities to participate in a Network. Our credentialing process confirms public information about the professionals' and facilities' licenses and other credentials, but does not assure the quality of their services. These professionals and facilities are independent practitioners and entities that are solely responsible for the care they deliver.

## Obtain Prior Authorization

Some Covered Health Care Services require prior authorization. Physicians and other health care professionals who participate in a Network are responsible for obtaining prior authorization. For detailed information on the Covered Health Care Services that require prior authorization, please refer to the *Schedule of Benefits*.

## Pay Your Share

You must meet any applicable deductible and pay a Co-payment and/or Co-insurance for most Covered Health Care Services. These payments are due at the time of service or when billed by the Physician, Provider or facility. Any applicable deductible, Co-payment and Co-insurance amounts are listed in the *Schedule of Benefits*.

## Pay the Cost of Excluded Services

You must pay the cost of all excluded services and items. Review *Section 2: Exclusions and Limitations* to become familiar with this Policy's exclusions.

## Show Your ID Card

You should show your ID card every time you request health care services. If you do not show your ID card, the Provider may fail to bill the correct entity for the services delivered.

## File Claims with Complete and Accurate Information

When you receive Covered Health Care Services from an out-of-Network Provider, as a result of an Emergency or we refer you to an out-of-Network Provider you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described in *Section 5: How to File a Claim*.

## **Use Your Prior Health Care Coverage**

If you have prior coverage that, as required by state law, extends benefits for a particular condition or a disability, we will not pay Benefits for health care services for that condition or disability until the prior coverage ends. We will pay Benefits as of the day your coverage begins under this Policy for all other Covered Health Care Services that are not related to the condition or disability for which you have other coverage.

SAMPLE

# Our Responsibilities

## Determine Benefits

We do not make decisions about the kind of care you should or should not receive. You and your Providers must make those treatment decisions.

We will determine limitations and exclusions set out in this Policy, the Schedule of Benefits and any Riders and/or Amendments. We will make factual determinations relating to benefits. We may assign this authority to other persons or entities that may provide administrative services for this Policy, such as claims processing. The identity of the service Providers and the nature of their services may be changed from time to time as we determine. In order to receive Benefits, you must cooperate with those service Providers.

## Pay for Our Portion of the Cost of Covered Health Care Services

We pay Benefits for Covered Health Care Services as described in *Section 1: Covered Health Care Services* and in the *Schedule of Benefits*, unless the service is excluded in *Section 2: Exclusions and Limitations*. This means we only pay our portion of the cost of Covered Health Care Services. It also means that not all of the health care services you receive may be paid for (in full or in part) by this Policy.

## Pay Network Providers

It is the responsibility of Network Physicians and facilities to file for payment from us. When you receive Covered Health Care Services from Network Providers, you do not have to submit a claim to us.

## Pay for Covered Health Care Services Provided by Out-of-Network Providers

In accordance with any state prompt pay requirements, we pay Benefits after we receive your request for payment that includes all required information. See *Section 5: How to File a Claim*.

## Review and Determine Benefits in Accordance with our Reimbursement Policies

We develop our reimbursement policy guidelines in accordance with one or more of the following methodologies:

- As shown in the most recent edition of the *Current Procedural Terminology (CPT)*, a publication of the *American Medical Association*, and/or the *Centers for Medicare and Medicaid Services (CMS)*.
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that we accept.

Following evaluation and validation of certain Provider billings (e.g., error, abuse and fraud reviews), our reimbursement policies are applied to Provider billings. We share our reimbursement policies with Physicians and other Providers in our Network through our Provider website. Network Physicians and Providers may not bill you for the difference between their contract rate (as may be modified by our reimbursement policies) and the billed charge. However, out-of-Network Providers may bill you for any amounts we do not pay, including amounts that are denied because one of our reimbursement policies does not reimburse (in whole or in part) for the service billed. You may get copies of our reimbursement policies for yourself or to share with your out-of-Network Physician or Provider at the telephone number on your ID card.

We may apply a reimbursement methodology established by *OptumInsight* and/or a third party vendor, which is based on *CMS* coding principles, to determine appropriate reimbursement levels for Emergency Health Care Services. The methodology is usually based on elements reflecting the patient complexity, direct costs, and indirect costs of an Emergency Health Care Service. If the methodology(ies) currently in use become no longer available, we will use a comparable methodology(ies). We and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to our website at [www.myuhc.com/exchange](http://www.myuhc.com/exchange) for information regarding the vendor that provides the applicable methodology.

## **Offer Health Education Services to You**

We may provide you with access to information about additional services that are available to you, such as disease management programs, health education and patient advocacy. It is solely your decision whether to take part in the programs, but we recommend that you discuss them with your Physician.

We will not provide Benefits for health care services that you receive before your effective date of coverage.

### What If You Are Hospitalized When Your Coverage Begins?

We will pay Benefits for Covered Health Care Services when all of the following apply:

- You are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins.
- You receive Covered Health Care Services on or after your first day of coverage related to that Inpatient Stay.

These Benefits are subject to your previous carrier's obligations under state law or contract.

You should notify us of your Hospitalization within 48 hours of the day your coverage begins, or as soon as reasonably possible. Network Benefits are available only if you receive Covered Health Care Services from Network Providers.

### Who Is Eligible for Coverage?

WAHBE, if you are enrolling through the health benefit exchange, or we determine who is eligible to enroll and who qualifies as a Dependent.

#### Eligible Person

Eligible Person refers to a person who meets the eligibility rules established by WAHBE, if you are enrolling through the health benefit exchange, or us under this Policy. When an Eligible Person actually enrolls, we refer to that person as a Policyholder. For a complete definition of Eligible Person and Policyholder, see *Section 8: Defined Terms*.

Eligible Persons must live within the Service Area, unless otherwise provided by WAHBE, if you enrolled through the health benefit exchange.

Dependents of an Eligible Person may not enroll unless the Eligible Person is also covered under the Policy.

### When Do You Enroll and When Does Coverage Begin?

Except as described below, Eligible Persons may not enroll themselves or their Dependents.

#### Open Enrollment Period

The open enrollment period is the period of time when Eligible Persons can enroll themselves and their Dependents, as determined by WAHBE, if you enrolled through the health benefit exchange, or otherwise by state or federal law.

Coverage begins on the date determined by WAHBE, if you enrolled through the health benefit exchange, or us and identified in this Policy if we receive the completed enrollment materials and the required Premium.

#### Special Enrollment Period

An Eligible Person and/or Dependent may also be able to enroll during a special enrollment period, as determined by WAHBE, if you enrolled through the health benefit exchange, or otherwise by state or federal law.

## Adding New Dependents

Policyholders may enroll Dependents only as determined by WAHBE, if you enrolled through the health benefit exchange, or us.

The Policyholder must notify WAHBE, if you enrolled through the health benefit exchange, or us of a new Dependent to be added to this Policy. The effective date of the Dependent's coverage must follow WAHBE rules, if you enrolled through the health benefit exchange, or as described in this Policy. Additional Premium may also be required, and it will be calculated from the date determined by WAHBE, if you enrolled through the health benefit exchange, or us.

NOTE. Subject to a determination of WAHBE, if you enrolled through the health benefit exchange, or us, an eligible child born to you or your spouse will be covered from the time of birth until the 31st day after its birth. The newborn child will be covered from the time of its birth for loss due to Injury and Sickness, including loss from complications of birth, premature birth, medically diagnosed congenital defect(s), and birth abnormalities.

If you did not enroll through the WAHBE, your Dependents become eligible for insurance on the later of following:

- The date you became insured under this Policy.
- The first day of the first full calendar month after the date of becoming your Dependent.

The effective date for your initial Dependents, if any, is shown on the face page of the Policy. Only Dependents included in the application for insurance will be covered on your effective date. A Dependent child born to you or your spouse will be covered from the time of birth until the 31st day after birth, unless you or your spouse advises us not to add the newborn child. A Dependent child legally placed for adoption with you or your spouse will be covered from the date of placement until the 31st day after placement, unless the placement is disrupted prior to legal adoption and the child is removed from your or your spouse's custody.

As used in this provision, "placement" means the earlier of the following:

- The date that you or your spouse assume physical custody of the child for the purpose of adoption.
- The date of entry of an order granting you or your spouse custody of the child for the purpose of adoption.

Premiums shall not be pro-rated based upon your effective date of coverage. A full month's Premium shall be charged for the entire month in which your coverage becomes effective.

## Change or Misstatement of Residence

If you change your residence, you must notify WAHBE, if you enrolled through the health benefit exchange, or us of your new residence. Your Premium will be based on your new residence beginning on the date determined by WAHBE, if you enrolled through the health benefit exchange, or us. If the change in residence results in the Policyholder no longer living in the Service Area, this Policy will terminate as described in *Section 4: When Coverage Ends*.

## Grace Period

A grace period of 31 days shall be granted for the payment of any Premium, during which time coverage under this Policy shall continue in force. If payment is not received within this 31-day grace period, coverage may be canceled after the 31st day and the Policyholder shall be held liable for the cost of services received during the grace period. In no event shall the grace period extend beyond the date this Policy terminates.

We may pay Benefits for Covered Health Care Services incurred during this 31-day grace period. Any such Benefit payment is made in reliance on the receipt of the full Premium due from you by the end of the grace period.

However, if we pay Benefits for any claims during the grace period, and the full Premium is not paid by the end of the grace period, we will require repayment of all Benefits paid from you or any other person or organization that received payment on those claims. If repayment is due from another person or organization, you agree to assist and cooperate with us in obtaining repayment. You are responsible for repaying us if we are unsuccessful in recovering our payments from these other sources.

If you enrolled through the health benefit exchange and are receiving an *Advance Payment of Tax Credit*, as allowed under *section 36B of title 26*, as provided for by the *Patient Protection and Affordable Care Act (PPACA)*, you will have a three-month grace period during which you may pay your Premium and keep your coverage in force. We will pay for Covered Health Care Services during the first month of the grace period. You are responsible for paying the grace period Premium. Prior to the last day of the three-month grace period, we must receive all Premiums due for those three months. No claims will be paid beyond the first month of the grace period until all Premiums are paid for the full three-month grace period.

## Adjustments to Premiums

We reserve the right to change the schedule of Premiums on January 1st of each calendar year. We shall give written notice of any change in Premium to the Policyholder at least 31 days prior to the effective date of the change.

If you did not enroll through the WAHBE, additional Premium may be required to continue coverage beyond the 31st day following the birth or placement of the child. The required Premium will be calculated from the date of birth or date of placement for adoption. Coverage of the child will terminate on the 31st day following birth or placement, unless we have received both written notice of the child's birth or your or your spouse's intent to adopt the child and the required premium within 90 days of the date of birth or date of placement. If you submit an application for insurance on a Dependent and you pay the required Premiums, then the effective date will be shown in the written notice to you that the Dependent is insured.

Examples include knowingly providing incorrect information relating to another person's eligibility or status as a Dependent. You may appeal this decision during the notice period. The notice will contain information on how to appeal the decision.

If we find that you have performed an act, practice, or omission that constitutes fraud, or have made an intentional misrepresentation of material fact we have the right to demand that you pay back all Benefits we paid to you, or paid in your name, during the time you were incorrectly covered under the Policy.

- **You Accept Reimbursement for Premium**

- You accept any direct or indirect contribution or reimbursement by or on behalf of any third party including, but not limited to, any health care Provider or any health care Provider sponsored organization for any portion of the Premium for coverage under this Policy. This prohibition does not apply to the following third parties:

- *Ryan White HIV/AIDS Program under title XXVI of the Public Health Service Act.*
- Indian tribes, tribal organizations or urban Indian organizations.
- Local, State and Federal Government programs, including grantees directed by government programs to make payments on their behalf consistent with the program's statutory authority.

## Coverage for a Disabled Dependent Child

Coverage for an unmarried Enrolled Dependent child who is disabled will not end just because the child has reached a certain age. We will extend the coverage for that child beyond this age if both of the following are true:

- The Enrolled Dependent child is not able to support him/herself because of mental, developmental, or physical disability.
- The Enrolled Dependent child depends mainly on the Policyholder for support.

Coverage will continue as long as the Enrolled Dependent child is medically certified as disabled and dependent unless coverage otherwise ends in accordance with the terms of this Policy.

You must furnish us with proof of the medical certification of disability within 31 days of the date coverage would have ended because the child reached a certain age. Before we agree to this extension of coverage for the child, we may require that a Physician we choose examine the child. We will pay for that exam.

We may continue to ask you for proof that the child continues to be disabled and dependent. Such proof might include medical exams at our expense. We will not ask for this information more than once a year, after the two-year period following the Dependent's attainment of the limiting age.

If you do not provide proof of the child's disability and dependency within 31 days of our request as described above, coverage for that child will end.

## Reinstatement

When coverage under this Policy terminates for any reason, we will not reinstate coverage. You must make application for coverage under another Policy, subject to the rules of the WAHBE, if you enrolled through the health benefit exchange, or us.

## Section 5: How to File a Claim

### How Are Covered Health Care Services from Network Providers Paid?

We pay Network Providers directly for your Covered Health Care Services. If a Network Provider bills you for any Covered Health Care Service, contact us. However, you are required to meet any applicable deductible and to pay any required Co-payments and Co-insurance to a Network Provider.

### How Are Covered Health Care Services from an Out-of-Network Provider Paid?

When you receive Covered Health Care Services from an out-of-Network Provider as a result of an Emergency or if we refer you to an out-of-Network Provider, you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described below.

#### Notice of Claim

You should submit a request for payment of Benefits within 90 days after the date of service. If you don't provide this information to us within one year of the date of service, Benefits for that health care service will be denied or reduced, as determined by us. This time limit does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

#### Claim Forms and Proof of Loss

We do not require that you complete and submit a claim form. Instead, you can provide proof of loss by furnishing us with all of the information listed directly below under Required Information.

#### Required Information

When you request payment of Benefits from us, you must provide us with all of the following information:

- The Policyholder's name and address.
- The patient's name and age.
- The number stated on your ID card.
- The name and address of the Provider of the service(s).
- The name and address of any ordering Physician.
- A diagnosis from the Physician.
- An itemized bill from your Provider that includes the *Current Procedural Terminology* (CPT) codes or a description of each charge.
- The date the Injury or Sickness began.
- A statement indicating either that you are, or you are not, enrolled for coverage under any other health plan or program. If you are enrolled for other coverage you must include the name of the other carrier(s).

The above information should be filed with us at the address on your ID card.

When filing a claim for Outpatient Prescription Drug Benefits, your claims should be submitted to:

OptumRx Claims Department  
PO Box 650540  
Dallas, TX 75265-0540

#### Payment of Claims

##### Time for Payment of Claim

Benefits will be paid as soon as we receive all of the required information listed above.

##### Assignment of Benefits

You may not assign your Benefits under this Policy or any cause of action related to your Benefits under this Policy to an out-of-Network Provider without our consent. When an assignment is not obtained, we will send the reimbursement directly to the Policyholder for reimbursement to an out-of-Network Provider. We may, as we determine, pay an out-of-Network Provider directly for services rendered to you. In the case of any such assignment of Benefits or payment to an out-of-Network Provider, we have the right to offset Benefits to be paid to the Provider by any amounts that the Provider owes us.

When you assign your Benefits under this Policy to an out-of-Network Provider with our consent, and the out-of-Network Provider submits a claim for payment, you and the out-of-Network Provider represent and warrant the following:

- The Covered Health Care Services were actually provided.
- The Covered Health Care Services were medically appropriate.
- Allowed Amounts due to an out-of-Network provider for Covered Health Care Services that are subject to the *No Surprises Act of the Consolidated Appropriations Act (P.L. 116-260)* are paid directly to the provider.

Payment of Benefits under the Policy shall be in cash or cash equivalents, or in a form of other consideration that we determine to be adequate. Where Benefits are payable directly to a Provider, such adequate consideration includes the forgiveness in whole or in part of the amount the Provider owes us, or to other plans for which we make payments where we have taken an assignment of the other plans' recovery rights for value.

  - Dissatisfaction with health care services.
  - Delays in obtaining health care services.
  - Conflicts with Network Provider or our staff.
  - Dissatisfaction with our practices or actions unrelated to health care services.

### What if You Disagree with Our Adverse Benefit Determination?

If you disagree with our Adverse Benefit Determination, you may file a formal appeal. Our internal review appeals procedures are designed to deliver a timely response and resolution to your appeal. This is done through a process that includes a thorough and appropriate investigation, as well as an evaluation of the problem. We will continue to provide coverage for the Covered Health Care Service under review until the appeal is resolved. Please note that if the appeal is overturned, you may be responsible for the Covered Health Care Service that was under review.

You may submit written comments, documents, records and any other information relating to the appeal regardless of whether this information was submitted or considered in the initial determination. You may designate a person, including an attorney, to act on your behalf.

The definition of an Adverse Benefit Determination is:

Adverse Benefit Determination - a denial, reduction, or termination of, or a failure to provide or make payment, in whole or in part, for a benefit, including:

- A denial, reduction, termination, or failure to provide or make payment that is based on a determination by the health carrier or its utilization review organization of a Covered Person's, or applicant's eligibility to participate in the carrier's health benefit plan;
- A rescission of coverage;
- A denial of an application for coverage;
- A denial, reduction, or termination of, or a failure to provide or make payment, in whole or in part, for a determination made by the utilization review organization for a benefit that does not meet the health carrier's requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness or is determined to be experimental or investigational, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not medically necessary or appropriate;
- A denial, reduction, or termination of, or a failure to provide or make payment, in whole or in part for a prospective review or retrospective review.

## How Do You Appeal a Decision?

An appeal is a request from you to change a previous claim or benefit decision. There are two types of appeals:

### Post-service Claims

Post-service claims are claims filed for payment of Benefits after medical care has been received.

### Pre-service Requests for Benefits

Pre-service requests for Benefits are requests that require prior authorization or benefit confirmation prior to receiving medical care.

## How to Request an Appeal

If you disagree with our Adverse Benefit Determination, you may call us at the telephone number on your ID card or write to:

UnitedHealthcare Appeals & Grievances

PO Box 6111

Mail Stop CA-0197

Cypress, CA 90630

Your appeal request must be submitted to us within 180 calendar days after you receive the denial of an authorization for Benefits or a claim denial.

Your request for an appeal should include:

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s).
- The Provider's name.
- The reason you believe the claim should be paid.
- Any documentation or other written information to support your request for claim payment.

We will acknowledge receipt of your appeal in writing within 72 hours of receipt.

## If someone other than yourself is submitting the appeal on your behalf, you must authorize the representative in writing. Appeal Process

A qualified individual who was not involved in the decision being appealed will be chosen to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with expertise in the field, who was not involved in the prior determination. We may consult with, or ask medical experts to take part in the appeal process. By submitting an appeal, you consent to this referral and the sharing of needed medical claim information. Upon request and free of charge, you have the right to reasonable access to copies of all documents, records and other information related to your claim for Benefits. If any new or additional evidence is relied upon or generated by us during the determination of the appeal, we will provide it to you free of charge prior to the due date of the response to the adverse benefit determination.

## Appeals Determinations

You will be provided written or electronic notification of the decision on your appeal as follows:

Appeal Type	Response Time from Receipt of Request
Pre-service request for Benefit appeals	14 calendar days
Post-service claim appeals	14 calendar days

Please note that our decision is based only on whether or not Benefits are available under the Policy for the proposed treatment or procedure. We do not determine whether the pending health care service is appropriate. That decision is between you and your Physician.

You may have the right to external review through an *Independent Review Organization (IRO)* upon the completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in our decision letter to you.

You may also seek assistance from the Washington State Office of the Insurance Commissioner who can be reached at:

Washington State Office of the Insurance Commissioner

P.O. Box 40255

Olympia, WA 98504-0255

Phone: 1-800-562-6900 or (360) 725-7080

FAX: (360) 586-2018

## Urgent Appeals that Require Immediate Action

Your appeal may require urgent action if a delay in treatment could increase the risk to your health, or the ability to regain maximum function, or cause severe pain. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Physician should call us as soon as possible.
- We will provide you with a written or electronic determination within 72 hours following receipt of your request for review of the determination, taking into account the seriousness of your condition.

The appeal process for urgent situations does not apply to prescheduled treatments, therapies or surgeries.

## Expedited Review and Concurrent Expedited Review

You may request an expedited internal or external review or concurrent expedited internal and external review of an Adverse Benefit Determination, as defined in Section 9: Defined Terms, if one of the following conditions applies:

- You are currently receiving or have been prescribed treatment or Benefits that would end because of the Adverse Benefit Determination.
- Your Physician believes that a delay in treatment based on the standard review times may seriously jeopardize your life, overall health or the ability to regain maximum function, or cause severe and intolerable pain.

- If the Adverse Benefit Determination is related to an admission, availability of care, continued stay, or Emergency Health Care Services and you have not been discharged from the emergency room or transport service.

You may not request an expedited review if the treatment has already been delivered and the review only involves payment for the delivered treatment, if the situation is not urgent, or if the situation does not involve the delivery of services for an existing condition, illness, or disease.

Contact us at the telephone number shown on your ID card to request an expedited review of an Adverse Benefit Determination. An expedited review may be submitted orally or in writing by you, your authorized representative, or your Physician.

UnitedHealthcare will make a determination no later than 72 hours of our receipt of the request for expedited review of an Adverse Benefit Determination. A written response will also be sent no later than 72 hours of receipt of the request.

Please see Independent External Review Program below for information on external review.

## **Experimental, Investigational or Unproven Treatment**

We may deny Benefits for a treatment if we determine it to be an Experimental or Investigational or Unproven Service. You may request that we hold a conference within 20 calendar days of receiving the request to review the denial. We will respond to you within 20 calendar days of receipt of the fully documented appeal request. We may extend the review period beyond 20 calendar days only with your informed written consent. Whenever you appeal our decision and a delay would jeopardize your life or health, we will make a decision in accordance with the timeframe described above under Urgent Appeals that Require Immediate Action.

## **Independent External Review Program**

After you exhaust the appeal process, if we make a final determination to deny Benefits, you have the right to request an external review of our Adverse Benefit Determination, as defined in Section 8: Defined Terms, by an independent review organization. This external review program only applies if our decision is based on medical necessity, health care setting, level of care, or that the requested service or supply is not efficacious or otherwise unjustified under evidence-based medical criteria. Contact us at the telephone number shown on your ID card for more information on the external review program.

We offer an independent review process to review the denial of a requested service or procedure or the denial of payment for a service or procedure. The process is available at no charge to you after exhausting our appeal process and you receive a decision that is unfavorable, or if we fail to respond to the appeal within the time lines stated above in the Appeals section.

Neither you nor we will have an opportunity to meet with the reviewer or otherwise participate in the reviewer's decision.

All requests for an independent review must be made within 180 calendar days of the date you receive the denial. You, your treating Physician, or a designated representative may request an independent review by contacting us at the telephone number on your ID card or by sending a written request to the address on your ID card.

An Independent Review Coordinator will be designated to address any questions you might have and to assist with the independent review process.

The independent review will be performed by an independent Physician, or by a Physician who is qualified to decide whether the requested service or procedure is a Covered Health Care Service under the Policy, or for denials based on contract exclusions or language, by a person with expertise analyzing health coverage agreements. The Independent Review Organization (IRO) has no material affiliation or interest with us. We will choose the IRO based on a rotating list of approved IROs within the rotational registry system. We may not make an assignment to an IRO out of sequence for any reason other than the existence of conflict of interest.

In certain cases, the independent review will be performed by a panel of Physicians, as deemed appropriate by the IRO.

Within three business days of our receipt of a request for independent review, we will forward the request to the IRO, together with the following:

- All relevant medical records.
- All other documents relied upon by us in making a decision on the case.
- All other information or evidence that you or your Physician has already submitted to us.

- The attending or ordering Provider's recommendations.
- A copy of the terms and conditions of coverage under this plan.
- If there is any information or evidence you or your Physician wish to submit in support of the request for Benefits for the service or procedure that has not previously been provided to us, you may include this information with the request for an independent review, and we will include it with the documents forwarded to the IRO. A decision will be made within 25 calendar days. If the reviewer needs additional information to make a decision, this time period may be extended. You may also submit within 5 business days, in writing and directly to the IRO, any additional information in support of the request for Benefits for the service or procedure.
- If we deny Benefits based upon a finding that the health care service or level of health care service is no longer medically necessary, you may continue to receive the health care service until the appeal is resolved. If it is determined that the appeal or other resolution you seek affirms our decision, you may be responsible for the cost of the continued health care service.
- The independent review process will also be expedited if you meet all the criteria for independent review and the Physician certifies that the requested service or procedure would be significantly less effective if not promptly initiated. A decision will be made as soon as possible but not later than 72 hours after receipt of the request for expedited review.

The reviewer's decision will be in writing and will include the clinical basis for the determination. The IRO will provide you and us with the reviewer's decision, a description of the qualifications of the reviewer, and any other information deemed appropriate by the organization.

If the final independent decision is to approve payment of referral, we will accept the decision and provide Benefits for such service or procedure in accordance with the terms and conditions of the Policy.

If the final independent review decision is that payment or referral will not be made, we will not be obligated to provide Benefits for the service or procedure. You or your Physician, who want additional information about our independent review process may call the telephone number on your ID card.

## Section 7: General Legal Provisions

### What Is Your Relationship with Us?

It is important for you to understand our role with respect to this Policy and how it may affect you. We administer this Policy under which you are insured. We do not provide medical services or make treatment decisions. This means:

- We communicate to you decisions about whether the Policy will cover or pay for the health care that you may receive. The Policy pays for Covered Health Care Services, which are more fully described in this Policy.
- The Policy may not pay for all treatments you or your Physician may believe are needed. If the Policy does not pay, you will be responsible for the cost.

We may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. We will use individually identifiable information about you as permitted or required by law, including in our operations and in our research. We will use de-identified data for commercial purposes including research.

Please refer to our *Notice of Privacy Practices* for details.

### What Is Our Relationship with Providers?

We have agreements in place that govern the relationship between us and Network Providers, some of which are affiliated Providers. Network Providers enter into an agreement with us to provide Covered Health Care Services to Covered Persons.

We do not provide health care services or supplies, or practice medicine. We arrange for health care Providers to participate in a Network and we pay Benefits. Network Providers are independent practitioners who run their own offices and facilities. Our credentialing process confirms public information about the Providers' licenses and other credentials. It does not assure the quality of the services provided. We are not responsible for any act or omission of any Provider.

### What Is Your Relationship with Providers?

The relationship between you and any Provider is that of Provider and patient.

You are responsible for all of the following:

- Choosing your own Provider.
- Paying, directly to your Provider, any amount identified as a member responsibility, including Co-payments, Co-insurance, any deductible and any amount that exceeds the Allowed Amount, when applicable.
- Paying, directly to your Provider, the cost of any non-Covered Health Care Service.
- Deciding if any Provider treating you is right for you. This includes Network Providers you choose and Providers that they refer.
- Deciding with your Provider what care you should receive.

Your Provider is solely responsible for the quality of the services provided to you.

### Do We Pay Incentives to Providers?

We pay Network Providers through various types of contractual arrangements. Some of these arrangements may include financial incentives to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network Providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction and/or cost-effectiveness.
- Capitation - a group of Network Providers receives a monthly payment from us for each Covered Person who selects a Network Provider within the group to perform or coordinate certain health care services. The Network Providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.

- Bundled payments - certain Network Providers receive a bundled payment for a group of Covered Health Care Services for a particular procedure or medical condition. Your Co-payment and/or Co-insurance will be calculated based on the Provider type that received the bundled payment. The Network Providers receive these bundled payments regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment. If you receive follow-up services related to a procedure where a bundled payment is made, an additional Co-payment and/or Co-insurance may not be required if such follow-up services are included in the bundled payment. You may receive some Covered Health Care Services that are not considered part of the inclusive bundled payment and those Covered Health Care Services would be subject to the applicable Co-payment and/or Co-insurance as described in your *Schedule of Benefits*.

We use various payment methods to pay specific Network Providers. From time to time, the payment method may change. If you have questions about whether your Network Provider's contract with us includes any financial incentives, we encourage you to discuss those questions with your Provider. You may also call us at the telephone number on your ID card. We can advise whether your Network Provider is paid by any financial incentive, including those listed above.

## Are Incentives Available to You?

Sometimes we may offer coupons, enhanced Benefits, or other incentives to encourage you to take part in various programs, including wellness programs, certain disease management programs, surveys, discount programs and/or programs to seek care in a more cost-effective setting and/or from Designated Providers. In some instances, these programs may be offered in combination with a non-UnitedHealthcare entity. The decision about whether or not to take part in a program is yours alone. However, we recommend that you discuss taking part in such programs with your Physician. We will notify you of the opportunity to participate in available programs and of any criteria for eligibility. Contact us at [www.myuhc.com/exchange](http://www.myuhc.com/exchange) or the telephone number on your ID card if you have any questions.

As determined by us, incentives may include, but are not limited to, the following:

- A gym access or digital fitness class program.
- Gift card incentives valued at a maximum of \$500 for completing certain activities throughout the year, such as having a wellness visit with your Primary Care Physician or taking other plan communication-related actions (e.g., signing up for text messages or paperless communications).

## Do We Receive Rebates and Other Payments?

We may receive rebates for certain drugs that are administered to you in your home or in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet any applicable deductible. As determined by us, we may pass a portion of these rebates on to you. When rebates are passed onto you, they may be taken into account in determining your Co-payment and/or Co-insurance.

## Who Is Authorized to Determine Benefits and Other Provisions under the Policy?

We have the sole and exclusive authority to do all of the following:

- Determine Benefits under this Policy.
- Determine the other terms, conditions, limitations and exclusions set out in this Policy, including the *Schedule of Benefits* and any Riders and/or Amendments.
- Make factual determinations related to this Policy and its Benefits.

We may assign this authority to other persons or entities that provide services in regard to the administration of this Policy.

## Who Provides Administrative Services?

We provide administrative services or, as we determine, we may arrange for various persons or entities to provide administrative services, such as claims processing. The identity of the service Providers and the nature of the services they provide may be changed from time to time as we determine. We are not required to give you prior notice of any such change, nor are we required to obtain your approval. You must cooperate with those persons or entities in the performance of their responsibilities.

## Amendments to this Policy

To the extent permitted by law, we have the right to change, withdraw or add Benefits or end this Policy.

Any provision of this Policy which, on its effective date, is in conflict with the requirements of state or federal statutes or regulations (of the jurisdiction in which this Policy is delivered) is amended to conform to the minimum requirements of such statutes and regulations.

No other change may be made to this Policy unless it is made by an Amendment or Rider which has been signed by one of our officers and consistent with applicable notice requirements. All of the following conditions apply:

- Amendments and Riders to this Policy are effective upon renewal, except as otherwise permitted by law.
- No agent has the authority to change this Policy or to waive any of its provisions.
- No one has authority to make any oral changes or amendments to this Policy.

## How Do We Use Information and Records?

We may use your individually identifiable health information as follows:

- To administer this Policy and pay claims.
- To identify procedures, products, or services that you may find valuable.
- As otherwise permitted or required by law.

We may request additional information from you to decide your claim for Benefits. We will keep this information confidential. We may also use de-identified data for commercial purposes, including research, as permitted by law. More detail about how we may use or disclose your information is found in our *Notice of Privacy Practices*.

By accepting Benefits under this Policy, you authorize and direct any person or institution that has provided services to you to furnish us with all information or copies of records relating to the services provided to you. We have the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Policyholder's enrollment form. We agree that such information and records will be considered confidential.

We have the right to release records concerning health care services when any of the following apply:

- Needed to put in place and administer the terms of this Policy.
- Needed for medical review or quality assessment.
- Required by law or regulation.

During and after the term of this Policy, we and our related entities may use and transfer the information gathered under this Policy in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to our *Notice of Privacy Practices*.

For complete listings of your medical records or billing statements you may contact your health care Provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from us, we also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, as permitted by law, we will designate other persons or entities to request records or information from or related to you, and to release those records as needed. Our designees have the same rights to this information as we have.

## Do We Require Examination of Covered Persons?

In the event of a question or dispute regarding your right to Benefits, we may require that a Network Physician of our choice examine you at our expense.

## Is Workers' Compensation Affected?

Benefits provided under this Policy do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

## Subrogation and Reimbursement

We have the right to subrogation and reimbursement. References to “you” or “your” in this *Subrogation and Reimbursement* section shall include you, your Estate and your heirs and beneficiaries unless otherwise stated.

Subrogation applies when we have paid Benefits on your behalf for a Sickness or Injury for which any third party is allegedly responsible. The right to subrogation means that we are substituted to and shall succeed to any and all legal claims that you may be entitled to pursue against any third party for the Benefits that we have paid that are related to the Sickness or Injury for which any third party is considered responsible.

### *Subrogation Example:*

*Suppose you are injured in a car accident that is not your fault, and you receive Benefits under the Policy to treat your injuries. Under subrogation, the Policy has the right to take legal action in your name against the driver who caused the accident and that driver's insurance carrier to recover the cost of those Benefits.*

The right to reimbursement means that if it is alleged that any third party caused or is responsible for a Sickness or Injury for which you receive a settlement, judgment, or other recovery from any third party, you must use those proceeds to fully return to us 100% of any Benefits you receive for that Sickness or Injury. The right of reimbursement shall apply to any benefits received at any time until the rights are extinguished, resolved or waived in writing.

### *Reimbursement Example:*

*Suppose you are injured in a boating accident that is not your fault, and you receive Benefits under the Policy as a result of your injuries. In addition, you receive a settlement in a court proceeding from the individual who caused the accident. You must use the settlement funds to return to the Policy 100% of any Benefits you received to treat your injuries.*

The following persons and entities are considered third parties:

- A person or entity alleged to have caused you to suffer a Sickness, Injury or damages, or who is legally responsible for the Sickness, Injury or damages.
- Any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Sickness, Injury or damages.
- Your employer in a workers' compensation case or other matter alleging liability.
- Any person or entity who is or may be obligated to provide benefits or payments to you, including benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators.
- Any person or entity against whom you may have any claim for professional and/or legal malpractice arising out of or connected to a Sickness or Injury you allege or could have alleged were the responsibility of any third party.
- Any person or entity that is liable for payment to you on any equitable or legal liability theory.

You agree as follows:

- You will cooperate with us in protecting our legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:
  - Notifying us, in writing, of any potential legal claim(s) you may have against any third party for acts which caused Benefits to be paid or become payable.
  - Providing any relevant information requested by us.
  - Signing and/or delivering such documents as we or our agents reasonably request to secure the subrogation and reimbursement claim.
  - Responding to requests for information about any accident or injuries.
  - Making court appearances.
  - Obtaining our consent or our agents' consent before releasing any party from liability or payment of medical expenses.
  - Complying with the terms of this section.

Your failure to cooperate with us is considered a breach of contract. As such, we have the right to terminate or deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits we have paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by us due to you or your representative not cooperating with us. If we incur attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, we have the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to us.

- We have a first priority right to receive payment on any claim against any third party before you receive payment from that third party. Further, our first priority right to payment is superior to any and all claims, debts or liens asserted by any medical Providers, including but not limited to Hospitals or emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.
- Our subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to you or your representative, your Estate, your heirs and beneficiaries, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, pecuniary, consortium and punitive damages. We are not required to help you to pursue your claim for damages or personal injuries and no amount of associated costs, including attorneys' fees, shall be deducted from our recovery without our express written consent. No so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall defeat this right.
- Regardless of whether you have been fully compensated or made whole, we may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, no matter how those proceeds are captioned or characterized. Proceeds from which we may collect include, but are not limited to, economic, non-economic, and punitive damages. No "collateral source" rule, any "Made-Whole Doctrine" or "Make-Whole Doctrine," claim of unjust enrichment, nor any other equitable limitation shall limit our subrogation and reimbursement rights.
- Benefits paid by us may also be considered to be Benefits advanced.
- If you receive any payment from any party as a result of Sickness or Injury, and we allege some or all of those funds are due and owed to us, you and/or your representative shall hold those funds in trust, either in a separate bank account in your name or in your representative's trust account.
- By participating in and accepting Benefits under the Policy, you agree that (i) any amounts recovered by you from any third party shall constitute Policy assets (to the extent of the amount of Benefits provided on behalf of the Covered Person), (ii) you and your representative shall be fiduciaries of the Policy with respect to such amounts, and (iii) you shall be liable for and agree to pay any costs and fees (including reasonable attorney fees) incurred by us to enforce its reimbursement rights.
- Our right to recovery will not be reduced due to your own negligence.
- By participating in and accepting Benefits from us, you agree to assign to us any benefits, claims or rights of recovery you have under any automobile policy - including no-fault benefits, PIP benefits and/or medical payment benefits - other coverage or against any third party, to the full extent of the Benefits we have paid for the Sickness or Injury. By agreeing to provide this assignment in exchange for participating in and accepting benefits, you acknowledge and recognize our right to assert, pursue and recover on any such claim, whether or not you choose to pursue the claim, and you agree to this assignment voluntarily.
- We may, at our option, take necessary and appropriate action to preserve our rights under these provisions, including but not limited to, providing or exchanging medical payment information with an insurer, the insurer's legal representative or other third party; filing reimbursement lawsuit to recover the full amount of medical benefits you receive for the Sickness or Injury out of any settlement, judgment or other recovery from any third party considered responsible; and filing suit in your name or your Estate's name, which does not obligate us in any way to pay you part of any recovery we might obtain. Any reimbursement lawsuit stemming from a refusal to refund Benefits as required under the terms of the Policy is governed by the applicable statute of limitations.
- You may not accept any settlement that does not fully reimburse us, without our written approval.
- In the case of your death, giving rise to any wrongful death or survival claim, the provisions of this section apply to your estate, the personal representative of your estate, and your heirs or beneficiaries. In the case of your death our right of reimbursement and right of subrogation shall apply if a claim can be brought on behalf of you

or your estate that can include a claim for past medical expenses or damages. The obligation to reimburse us is not extinguished by a release of claims or settlement agreement of any kind.

- No allocation of damages, settlement funds or any other recovery, by you, your estate, the personal representative of your estate, your heirs, your beneficiaries or any other person or party, shall be valid if it does not reimburse us for 100% of our interest unless we provide written consent to the allocation.
- The provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by any third party. If a parent or guardian may bring a claim for damages arising out of a minor's Sickness or Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.
- If any third party causes or is alleged to have caused you to suffer a Sickness or Injury while you are covered under the Policy, the provisions of this section continue to apply, even after you are no longer covered.
- In the event that you do not abide by the terms of the Policy pertaining to reimbursement, we may terminate Benefits to you, your dependents or the policyholder, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits we have paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by us due to your failure to abide by the terms of the Policy. If we incur attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, we have the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to us.
- We and all Administrators administering the terms and conditions of the Policy's subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of our final authority to (1) construe and enforce the terms of the Policy's subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to us.

## When Do We Receive Refunds of Overpayments?

If we pay Benefits for expenses incurred on your account, you, or any other person or organization that was paid, must make a refund to us if any of the following apply:

- All or some of the expenses were not paid or did not legally have to be paid by you.
- All or some of the payment we made exceeded the Benefits under this Policy.
- All or some of the payment was made in error.

The refund equals the amount we paid in excess of the amount we should have paid under this Policy. If the refund is due from another person or organization, you agree to help us get the refund when requested.

If the refund is due from you and you do not promptly refund the full amount, we may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, your future Benefits that are payable under the Policy. If the refund is due from a person or organization other than you, we may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part; (i) future Benefits that are payable in connection with services provided to other Covered Persons under the Policy; or (ii) future Benefits that are payable in connection with services provided to persons under other plans for which we make payments, pursuant to a transaction in which our overpayment recovery rights are assigned to such other plans in exchange for such plans' remittance of the amount of the reallocated payment.

The reductions will equal the amount of the required refund. We may have other rights in addition to the right to reduce future benefits.

## Is There a Limitation of Action?

You cannot bring any legal action against us to recover reimbursement until you have completed all the steps in the appeal process described in *Section 6: Questions, Complaints and Appeals*. After completing that process, if you want to bring a legal action against us you must do so within three years of the date we notified you of our final decision on your appeal or you lose any rights to bring such an action against us.

4. Only obtainable, with regard to outcomes for the given indication, within research settings.

Exceptions:

- Clinical trials for which Benefits are available as described under *Clinical Trials in Section 1: Covered Health Care Services*.

  - You have a Sickness or condition that is likely to cause death within one year of the request for treatment.

If no credible scientific evidence is available, then standards that are based on Physician specialty society recommendations or professional standards of care may be considered. We have the right to consult expert opinion in determining whether health care services are Medically Necessary. The decision to apply Physician specialty society recommendations, the choice of expert and the determination of when to use any such expert opinion, shall be determined by us.

We develop and maintain clinical policies that describe the *Generally Accepted Standards of Medical Practice* scientific evidence, prevailing medical standards and clinical guidelines supporting our determinations regarding specific services. These clinical policies (as developed by us and revised from time to time), are available to Covered Persons through [www.myuhc.com/exchange](http://www.myuhc.com/exchange) or the telephone number on your ID card. The Recognized Amount for Air Ambulance services provided by an out-of-Network provider will be calculated based on the lesser of the qualifying payment amount as determined under applicable law or the amount billed by the Air Ambulance service provider.

**Note: Covered Health Care Services that use the Recognized Amount to determine your cost sharing may be higher or lower than if cost sharing for these Covered Health Care Services were determined based upon an Allowed Amount.**

**Reconstructive Surgery** -procedures when the primary purpose of the procedure is either of the following:

- Treatment of a medical condition.
- Improvement or restoration of physiologic function.

Reconstructive procedures include surgery or other procedures which are related to an Injury, Sickness or Congenital Anomaly. The primary result of the procedure is not a changed or improved physical appearance. Microtia repair is considered a reconstructive procedure.

**Remote Physiologic Monitoring** - the automatic collection and electronic transmission of patient physiologic data that are analyzed and used by a licensed physician or other qualified health care professional to develop and manage a plan of treatment related to a chronic and/or acute health illness or condition. The plan of treatment will provide milestones for which progress will be tracked by one or more Remote Physiologic Monitoring devices. Remote physiologic monitoring must be ordered by a licensed physician or other qualified health professional who has examined the patient and with whom the patient has an established, documented and ongoing relationship. Remote Physiologic Monitoring may not be used while the patient is inpatient at a Hospital or other facility. Use of multiple devices must be coordinated by one Physician.

**Service Area** - the geographic area where we act as a Qualified Health Plan Issuer as approved by the appropriate regulatory agency. **Substance-Related and Addictive Disorders Services** - services for the diagnosis and treatment of alcoholism and substance-related and addictive disorders that are listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders* or *Diagnostic and Statistical Manual of the American Psychiatric Association*. The fact that a disorder is listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders* or *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Health Care Service.

**Surrogate** - a female who becomes pregnant usually by artificial insemination or transfer of a fertilized egg (embryo) for the purpose of carrying the fetus for another person.

**Telehealth/Telemedicine** - live, interactive audio with visual transmissions of a Physician-patient encounter from one site to another using telecommunications technology. **Terminal Illness** - in the context of hospice means a life expectancy, certified by two Physicians, of six months or less.

**Transitional Living** - Mental Health Care Services and Substance-Related and Addictive Disorders Services provided through facilities, group homes and supervised apartments which provide 24-hour supervision, including those defined in the *American Society of Addiction Medicine (ASAM) Criteria*, and are either:

Sober living arrangements such as drug-free housing or alcohol/drug halfway houses. They provide stable and safe housing, an alcohol/drug-free environment and support for recovery. They may be used as an addition to ambulatory treatment when it doesn't offer the intensity and structure needed to help you with recovery.

Supervised living arrangements which are residences such as facilities, group homes and supervised apartments. They provide stable and safe housing and the opportunity to learn how to manage activities of daily living. They may be used as an addition to treatment when it doesn't offer the intensity and structure needed to help you with recovery.

**Unproven Service(s)** - services, including medications and devices, regardless of U.S. Food and Drug Administration (FDA) approval that are not determined to be effective for treatment of the medical condition or not determined to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

- Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
- Well-conducted cohort studies from more than one institution. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

We have a process by which we compile and review clinical evidence with respect to certain health care services. From time to time, we issue medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at [www.myuhc.com/exchange](http://www.myuhc.com/exchange).

Please note:

- If you have a life-threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment) we may, as we determine, consider an otherwise Unproven Service to be a Covered Health Care Service for that Sickness or condition. Prior to such a consideration, we must first establish that there is sufficient evidence to conclude that, even though unproven, the service has significant potential as an effective treatment for that Sickness or condition.

**Urgent Care** - Care that requires prompt attention to avoid adverse consequences, but does not pose an immediate threat to a person's life. Urgent Care is usually delivered in a walk-in setting and without an appointment. Urgent Care facilities are a location, distinct from a Hospital Emergency Department, an office or a clinic. The purpose is to diagnose and treat illness or injury for unscheduled, ambulatory patients seeking immediate medical attention.

**Urgent Care Center** - a facility that provides Covered Health Care Services that are required to prevent serious deterioration of your health. These services are required as a result of an unforeseen Sickness, Injury, or the onset of sudden or severe symptoms. Urgent Care facilities are a location, distinct from a Hospital Emergency Department, an office or a clinic.

## Section 9: Coordination of Benefits

### Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Policy will be coordinated with those of any other plan that provides benefits to you. The language in this section is from model laws drafted by the *National Association of Insurance Commissioners (NAIC)* and represents standard industry practice for coordinating benefits.

### When Does Coordination of Benefits Apply?

This *Coordination of Benefits (COB)* provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules below govern the order in which each Plan will pay a claim for benefits.

- **Primary Plan.** The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses.
- **Secondary Plan.** The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense. Allowable Expense is defined below.

### Definitions

For purposes of this section, terms are defined as follows:

- A. **Plan.** A Plan is any of the following that provides benefits or services for medical, pharmacy or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
1. Plan includes: group and non-group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
  2. Plan does not include: Hospital indemnity coverage insurance or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; medical benefits under group or individual automobile contracts; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.
- Each contract for coverage under 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.
- B. **This Plan.** This Plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.
- C. **Order of Benefit Determination Rules.** The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.
- D. **Allowable Expense.** Allowable Expense is a health care expense, including deductibles, co-insurance and co-payments, and without reduction for any applicable deductible(s), that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a Provider by law or

according to contractual agreement is prohibited from charging a Covered Person is not an Allowable Expense. When coordinating benefits, any secondary plans must pay an amount which, together with the payment made by the primary plan, cannot be less than the allowable expense the secondary plan would have paid if it was the primary plan. In no event will a secondary plan be required to pay an amount in excess of its maximum benefit plus accrued savings. When Medicare, Part A, Part B, Part C, or Part D are primary, Medicare's allowable amount is the allowable expense.

The following are examples of expenses or services that are not Allowable Expenses:

1. The difference between the cost of a semi-private Hospital room and a private room is not an Allowable Expense unless one of the Plans provides coverage for private Hospital room expenses.
  2. If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
  3. If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
  4. If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
  5. The amount of any benefit reduction by the Primary Plan because a Covered Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions and preferred Provider arrangements.
- E. **Claim.** Claim means a request that benefits of a Plan be provided or paid. The benefits claimed may be in the form of: (a) Services, including supplies; (b) Payment for all or a portion of the expenses incurred; (c) A combination of subsections (a) and (b); or (d) an indemnification.
- F. **Closed Panel Plan.** Closed Panel Plan is a Plan that provides health care benefits to Covered Persons primarily in the form of services through a panel of Providers that have contracted with or are employed by the Plan, and that excludes benefits for services provided by other Providers, except in cases of emergency or referral by a panel member.
- G. **Custodial Parent.** Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation. In cases where a court decree awards more than half of the calendar year's residential time to one parent without the use of "custodial" terminology, the parent to whom the greater residential time is awarded.

## What Are the Rules for Determining the Order of Benefit Payments?

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.
- B. Except as provided in the next paragraph, a Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying plan is primary.  
  
Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be in excess of any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan Hospital and surgical benefits and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-Network benefits.
- C. A Plan may consider the benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.
- D. Each Plan determines its order of benefits using the first of the following rules that apply:

1. **Non-Dependent or Dependent.** The Plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.
2. **Dependent Child Covered Under More Than One Coverage Plan.** Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:
  - a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
    - (1) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
    - (2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.
  - b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:
    - (1) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the Primary Plan. This shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.
    - (2) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of benefits.
    - (3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph a) above shall determine the order of benefits.
    - (4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:
      - (a) The Plan covering the Custodial Parent.
      - (b) The Plan covering the Custodial Parent's spouse.
      - (c) The Plan covering the non-Custodial Parent.
      - (d) The Plan covering the non-Custodial Parent's spouse.
  - c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.
  - d)
    - (i) For a dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, the rule in paragraph (5) applies.
    - (ii) In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in subparagraph (a) to the dependent child's parent(s) and the dependent's spouse.
3. **Active Employee or Retired or Laid-off Employee.** The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired is the Primary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not

agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.

4. **COBRA or State Continuation Coverage.** If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan, and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.
5. **Longer or Shorter Length of Coverage.** The Plan that covered the person the longer period of time is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.
6. If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

## Effect on the Benefits of This Plan

- A. When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan must make payment in an amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. However, in no event shall the Secondary Plan be required to pay an amount in excess of its maximum benefit plus accrued savings. In no event should the Covered Person be responsible for a deductible amount greater than the highest of the two deductibles.
- B. If a Covered Person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel Provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.

## Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits.

We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give us any facts we need to apply those rules and determine benefits payable. If you do not provide us the information we need to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

## Payments Made

A payment under another Plan may include an amount that should have been paid under This Plan. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

## Does This Plan Have the Right of Recovery?

If the amount of the payments we made is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for you. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

## Notice to Covered Persons

If you are covered by more than one health benefit plan, and you do not know which is your primary plan, you or your Provider should contact any one of the health plans to verify which plan is primary. The health plan you contact is responsible for working with the other plan to determine which is primary and will let you know within thirty calendar days. CAUTION: All health plans have timely claim filing requirements. If you or your Provider fail to submit your claim

to a secondary health plan within that plan's claim filing time limit, the plan can deny the claim. If you experience delays in the processing of your claim by the primary health plan, you or your Provider will need to submit your claim to the secondary health plan within its claim filing time limit to prevent a denial of the claim. To avoid delays in claims processing, if you are covered by more than one plan you should promptly report to your Providers and plans any changes in your coverage.

## How Are Benefits Paid When This Plan is Secondary to Medicare?

If This Plan is secondary to Medicare, then Benefits payable under This Plan will be based on Medicare's reduced benefits. When Medicare is primary, Medicare's allowable amount is the allowable expense.

**IMPORTANT NOTICE:** Below is a summary of only a few of the provisions of your health plan to help you understand coordination of benefits, which can be very complicated. This is not a complete description of all of the coordination rules and procedures, and does not change or replace the language contained in this Certificate, which determines your benefits.

### Double Coverage

It is common for family members to be covered by more than one health care plan. This happens, for example, when a husband and wife both work and choose to have family coverage through both employers.

When you are covered by more than one health plan, state law permits issuers to follow a procedure called "coordination of benefits" to determine how much each should pay when you have a claim. The goal is to make sure that the combined payments of all plans do not add up to more than your covered health care expenses.

Coordination of benefits (COB) is complicated, and covers a wide variety of circumstances. This is only an outline of some of the most common ones. If your situation is not described, read your Certificate of Coverage or contact your state insurance department.

### Primary or Secondary

You will be asked to identify all the plans that cover members of your family. To avoid delays in claim processing, if you are covered by more than one plan you should promptly report to your Providers and plans any changes in your coverage. We need this information to determine whether we are the "primary" or "secondary" benefit payer. The primary plan always pays first when you have a claim.

Any plan that does not contain your state's COB rules will always be primary.

### When This Plan is Primary

If you or a family member is covered under another plan in addition to this one, we will be primary when:

#### *Your Own Expenses*

- The claim is for your own health care expenses, unless you are covered by Medicare and both you and your spouse are retired.

#### *Your Spouse's Expenses*

- The claim is for your spouse, who is covered by Medicare, and you are not both retired.
- Your child's expenses. The claim is for the health care expenses of your child who is covered by this plan; and
- You are married and your birthday is earlier in the year than your spouse's or you are living with another individual, regardless of whether or not you have ever been married to that individual, and your birthday is earlier than that other individual's birthday. This is known as the "birthday rule"; or
- You are separated or divorced and you have informed us of a court decree that makes you responsible for the child's health care expenses; or
- There is no court decree, but you have custody of the child.

### Other Situations

- We will be primary when any other provisions of state or federal law require us to be.

### How We Pay Claims When We Are Primary

When we are the primary plan, we will pay the benefits according to the terms of your contract, just as if you had no other health care coverage under any other plan.

## How We Pay Claims When We Are Secondary

When we are knowingly the secondary plan, we will make payment promptly after receiving payment information from your primary plan. Your primary plan, and we as your secondary plan, may ask you and/or your Provider for information in order to make payment. To expedite payment, be sure that you and/or your Provider supply the information in a timely manner.

If the primary plan fails to pay within sixty calendar days of receiving all necessary information from you and your Provider, you and/or your Provider may submit your claim for us to make payment as if we were your primary plan. In such situations, we are required to pay claims within thirty calendar days of receiving your claim and the notice that your primary plan has not paid. This provision does not apply if Medicare is the primary plan. We may recover from the primary plan any excess amount paid under the "right of recovery" provision in the plan.

If there is a difference between the amounts the plans allow, we will base our payment on the higher amount. However, if the primary plan has a contract with the Provider, our combined payments will not be more than the amount called for in our contract or the amount called for in the contract of the primary plan, whichever is higher. Health maintenance organizations (HMOs) and health care service contractors usually have contracts with their Providers as do some other plans.

We will determine our payment by subtracting the amount paid by the primary plan from the amount we would have paid if we had been primary. We must make payment in an amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim equal to one hundred percent of the total allowable expense (the highest of the amounts allowed under each plan involved) for your claim. We are not required to pay an amount in excess of our maximum benefit plus any accrued savings. If your Provider negotiates reimbursement amounts with the plan(s) for the service provided, your Provider may not bill you for any excess amounts once he/she has received payment for the highest of the negotiated amounts. When our deductible is fully credited, we will place any remaining amounts in a savings account to cover future claims which might not otherwise have been paid. For example, if the primary plan covers similar kinds of health care expenses, but allows expenses that we do not cover, we may pay for those expenses.

## Section 10: Outpatient Prescription Drug Services

This section of the Policy provides Network Benefits for Prescription Drug Products.

Because this section is part of a legal document, we want to give you information about the document that will help you understand it. Certain capitalized words have special meanings. We have defined these words in either the Policy in *Section 8: Defined Terms* or in this section under the heading *Defined Terms for Outpatient Prescription Drugs*.

When we use the words "we," "us," and "our" in this document, we are referring to UnitedHealthcare of Oregon, Inc. When we use the words "you" and "your" we are referring to people who are Covered Persons, as the term is defined in the Policy in *Section 8: Defined Terms*.

NOTE: The Coordination of Benefits provision in the Policy in *Section 9: Coordination of Benefits* applies to Prescription Drug Products covered through this section. Benefits for Prescription Drug Products will be coordinated with those of any other health plan in the same manner as Benefits for Covered Health Care Services described in this Policy.

### Introduction

#### Coverage Policies and Guidelines

Our Individual and Family Plan Pharmacy Management Committee (IPMC) makes tier placement changes on our behalf. The IPMC places FDA-approved Prescription Drug Products into tiers by considering a number of factors including clinical and economic information. Clinical factors may include review of the place in therapy or use as compared to other similar product or services, site of care, relative safety or effectiveness of the Prescription Drug Product, as well as if certain supply limits or prior authorization requirements should apply. Economic factors may include the Prescription Drug Product's total cost including any rebates and evaluations of the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for treating specific conditions as compared to others; therefore, a Prescription Drug Product may be placed on multiple tiers according to the condition for which the Prescription Drug Product was prescribed to treat.

We may, from time to time, change the placement of a Prescription Drug Product among the tiers. These changes generally will happen up to monthly. These changes may happen without prior notice to you. In the event that a Prescription Drug Product that you are currently taking moves to a higher tier or is removed from the PDL, we will notify you no less than 30 days prior to the change. When that happens, you may pay more or less for a Prescription Drug Product, depending on its tier placement. Please contact us at [www.myuhc.com/exchange](http://www.myuhc.com/exchange) or the telephone number on your ID card for the most up-to-date tier placement.

When considering a Prescription Drug Product for tier placement, the IPMC reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for you is a determination that is made by you and your prescribing Physician.

NOTE: Tier status for a Prescription Drug Product may be determined by accessing your Benefits for Prescription Drug Products by contacting us at [www.myuhc.com/exchange](http://www.myuhc.com/exchange) or the telephone number on your ID card. The tier to which a Prescription Drug Product is assigned may change as detailed in the Policy.

Prescription Drug Products that are considered to be PPACA Zero Cost Share Preventive Care Medications will be provided at \$0 cost share for Covered Persons.

#### Identification Card (ID Card) - Network Pharmacy

You must either show your ID card at the time you obtain your Prescription Drug Product at a Network Pharmacy or you must provide the Network Pharmacy with identifying information that can be verified by us during regular business hours.

If you don't show your ID card or provide verifiable information at a Network Pharmacy, you must pay the Usual and Customary Charge for the Prescription Drug Product at the pharmacy.

You may seek reimbursement from us as described in the Policy in *Section 5: How to File a Claim*. When you submit a claim on this basis, you may pay more because you did not verify your eligibility when the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Co-payment and/or Co-insurance, and any deductible that applies.

Submit your claim to:

OptumRx Claims Department  
PO Box 650540  
Dallas, TX 75265-0540

## **Designated Pharmacies**

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products. If you choose not to obtain your Prescription Drug Product from the Designated Pharmacy, you may not have coverage.

## **When Do We Limit Selection of Pharmacies?**

If we determine that you may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your choice of Network Pharmacies may be limited. If this happens, we may require you to choose one Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the chosen Network Pharmacy. If you don't make a choice within 31 days of the date we notify you, we will choose a Network Pharmacy for you.

## **Coupons, Incentives and Other Communications**

At various times, we may send mailings or provide other communications to you, your Physician, or your pharmacy that communicate a variety of messages, including information about Prescription and non-prescription Drug Products. These communications may include offers that enable you, as you determine, to purchase the described product at a discount. In some instances, non-UnitedHealthcare entities may support and/or provide content for these communications and offers. Only you and your Physician can determine whether a change in your Prescription and/or non-prescription Drug regimen is appropriate for your medical condition.

## **Special Programs**

We may have certain programs in which you may receive reduced Co-payment and/or Co-insurance based on your actions such as adherence/compliance to medication or treatment regimens, and/or taking part in health management programs. You may access information on these programs by contacting us at [www.myuhc.com/exchange](http://www.myuhc.com/exchange) or the telephone number on your ID card.

## **Are Discounts and Incentives Available to You?**

From time to time, we may make access available to discounts or incentive programs. Incentive programs may be available only to targeted populations and may include other incentives.

These discount and incentive programs are not insurance and are not an insurance benefit or promise in the Policy. Your access to these programs is provided by us separately or independently from the Policy, and may be discontinued at any time. There is no additional charge for you to access these discount and incentive programs.

These programs may be offered or administered directly by us or through a third party vendor. If we receive any funds from a third party vendor in conjunction with making the discount or incentive programs available to you, we will use those funds to offset our costs of providing you access to the programs.

## **Benefits for Prescription Drug Products**

Benefits for an emergency fill of a Prescription Drug Product include no more than the prescribed amount, up to a seven (7) day emergency supply or the minimum packaging size available at the time of the emergency fill of a Prescription Drug Product, when the following criteria apply:

- The dispensing Network Pharmacy cannot reach UnitedHealthcare's prior authorization pharmacy department by telephone because it is outside of UnitedHealthcare's business hours; or
- UnitedHealthcare's pharmacy department is available to respond to telephone calls from the Network Pharmacy prescriber regarding a covered Benefit, but UnitedHealthcare's pharmacy department is not able to reach the Network Pharmacy for a full consultation.
- Determination as to whether a subsequent fill of the Prescription Drug Product, is a covered Benefit, will be made as part of UnitedHealthcare's prior authorization process.
- You are responsible for paying the same Co-payment and/or Co-insurance that would apply to a 30-day supply of a Prescription Drug Product for an emergency fill. If you receive an additional supply of the Prescription Drug Product within the 30-day period in which you received the emergency supply, you will not be responsible for an additional Co-payment and/or Co-insurance for the remaining 30-day supply of that Prescription Drug Product. Please refer to the Benefit Information table in the Outpatient Prescription Drug Schedule of Benefits for the applicable Co-payment and/or Co-insurance.

Coverage of an emergency fill of a Prescription Drug Product is not required if the failure to comply is occasioned by any act of God, bankruptcy, act of government authority responding to an act of God or other emergency, or the result of a strike, lockout, or other labor dispute.

### **PPACA and Preventive Care Medications**

Under the Patient Protection and Affordable Care Act of 2010 (PPACA), certain preventive medications are available to you at no cost, both prescription and over-the-counter (OTC). These are called PPACA Zero Cost Share Preventive Care Medications. These preventive medications are covered at no cost to you, without charging a Co-payment, Co-insurance, or deductible when:

- Prescribed by a Physician;
- Your age and/or condition is appropriate for the recommended preventive medication;

- The medication is filled at a Network Pharmacy.

Contact us at [www.myuhc.com/exchange](http://www.myuhc.com/exchange) or call the number on your ID card to find out if a medication is a PPACA Zero Cost Share Preventive Care Medication.

If your health care provider determines you need a medication that is not on the PPACA Zero Cost Share Preventive Care Medication list, they can let us know your medication is Medically Necessary and provide information about your diagnosis and medication history. If you are using your medication for an appropriate condition and it is approved, it will be covered at no cost to you. If you are using it to treat another medical condition, a cost share may apply.

### List of Zero Cost Share Medications

You may obtain up to a one-month supply, unless adjusted based on the drug manufacturer's packaging size or based on supply limits, of certain Prescription Drug Products which are on the List of Zero Cost Share Medications from any retail Network Pharmacy for no cost share (no cost to you). ## Section 12: Consolidated Appropriations Act Summary

The Policy complies with the applicable provisions of the *Consolidated Appropriations Act (the "Act")* (P.L. 116-260).

### No Surprises Act

#### Balance Billing

Under the Act, the *No Surprises Act* prohibits balance billing by out-of-Network providers in the following instances:

- When Ancillary Services are received at certain Network facilities on a non-Emergency basis from out-of-Network Physicians.
- When non-Ancillary Services are received at certain Network facilities on a non-Emergency basis from out-of-Network Physicians who have not satisfied the notice and consent criteria or for unforeseen or urgent medical needs that arise at the time a non-Ancillary Service is provided for which notice and consent has been satisfied as described in the Act.
- When Emergency Health Care Services are provided by an out-of-Network provider.
- When Air Ambulance services are provided by an out-of-Network provider.

In these instances, the out-of-Network provider may not bill you for amounts in excess of your applicable Co-payment, Co-insurance or deductible (cost share). Your cost share will be provided at the same level as if provided by a Network provider and is determined based on the Recognized Amount.

For the purpose of this Summary, "certain Network facilities" are limited to a hospital (as defined in 1861(e) of the *Social Security Act*), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the *Social Security Act*), an ambulatory surgical center described in section 1833(i)(1)(A) of the *Social Security Act*, and any other facility specified by the Secretary.

#### Determination of Our Payment to the Out-of-Network Provider:

When Covered Health Care Services are received from out-of-Network providers for the instances as described above, Allowed Amounts, which are used to determine our payment to out-of-Network providers, are based on one of the following in the order listed below as applicable:

- The reimbursement rate as determined by a state *All Payer Model Agreement*.
- The reimbursement rate as determined by state law.
- The initial payment made by us or the amount subsequently agreed to by the out-of-Network provider and us.
- The amount determined by *Independent Dispute Resolution (IDR)*.

#### Continuity of Care

The Act provides that if you are currently receiving treatment for Covered Health Care Services from a provider whose network status changes from Network to out-of-Network during such treatment due to termination (non-renewal or expiration) of the provider's contract, you may be eligible to request continued care from your current provider under the same terms and conditions that would have applied prior to termination of the provider's contract for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. If you would like help to find out if you are eligible for continuity of care Benefits, please call the telephone number on your ID card.

#### Provider Directories

The Act provides that if you receive a Covered Health Care Service from an out-of-Network provider and were informed incorrectly by us prior to receipt of the Covered Health Care Service that the provider was a Network provider, either through our database, our provider directory, or in our response to your request for such information (via telephone, electronic, web-based or internet-based means), you may be eligible for cost sharing that would be no greater than if the service had been provided from a Network provider.
